

A little bit about us...

Founded in 1963...

We grow a wide range of shrubs as well as herbaceous, grasses, ferns and trees across 120 acres in the 'Coblans' of Kent, providing a **high quality service dedicated to the customer**. Our production nursery extends over 120 acres on a number of sites in and around Tonbridge, growing around a **million plants** at any one time.

We are passionate about **plants** and are **confident** our new website **www.best4plants.co.uk** offers an array of **quality** garden plants to both the **retail and trade customer**, at an **affordable price**, packaged with care with a whole host of **information**, planting advice, **tips**, hints and **much, much more**.

COBLANDS

DESIGNER PLANTS

Imagine buying all your plants for your next design all from one place!

- A one-stop-shop for GARDEN DESIGNERS that takes the stress out of plant buying.
- Knowledgeable advice throughout the process of your order.
- No substitutions or changes without prior consultation.
- Quality assurance inspection before your plants are despatched.

Coblands Designer Plants set up in October 2000 to cater for the individual requirements of Garden Designers and Domestic Landscapers are launching what we consider to be our unique service online.

At the click of your mouse you will be able to build plant schedules, receive planting advice and order without leaving the comfort of your chair.
