

**Press Release
Garden Press Event 2010**

Best4plants

New for 2010

1. Our new 'Garden Essentials' range **Making great gardens affordable!**

Best4plants introduces a brand new concept to the retail gardener based on our successful commercial range of plants sold to the professionals through our Coblands group of nurseries.

Our 'Garden Essentials' range offers the customer a selection of shrubs, herbaceous perennials, grasses and climbers which form the backbone of any garden and are the favourites of the professional. The 'Garden Essentials' range will greatly assist the internet gardener with plant types that will provide leaf and stem colour, structure, seasonal and architectural interest.

Our new 'Garden Essentials' range will:

- Always be in stock at our nursery
- Be delivered direct to your door within 72 hours...or your money back
- Offer fantastic value
- Provide, colour, structure and architectural interest
- Be the 'back bone' to any garden

Order before 1pm on Tuesday and receive your order ready to plant for the weekend

2. Exciting new plant varieties available this summer available to pre-order/reserve.

Echinacea Tiki Torch
Echinacea Tomato Soup
Heucherella Sunspot
Penstemon Strawberry and Cream
Phlox Chattahoochee

All these plants and more besides will be featured on our plant plot at Hampton Court in July as well as available online. We are offering our customers the chance to reserve so they don't miss out, have the 'in' plant direct to your door before the Show starts.
